## EDUCATION

**Cornell University**, Ithaca, NY (2017-Present)

Bachelor of Arts in Computer Science Candidate, May 2021

GPA: 3.6

Relevant Coursework:

- Object Oriented Programming and Data Structures: intermediate programming in a high level language and algorithmic analysis
- Foundations of Artificial Intelligence: challenging introduction to subareas of AI, such as heuristic search, natural-language processing, machine learning
- Discrete Structures: covers the mathematics that underlies computer science;
- Introduction to Machine Learning: applying basic data science concepts in Python
- Introduction to iOS Development: basics of Xcode and how to make a simple app

**Lincoln-Sudbury Regional High School**, Sudbury, MA (2013-2017)

Cumulative GPA: 3.92

Relevant Coursework: Web Publishing (HTML), Statistics

## PROGRAMMING SKILLS

Proficient: Python, Java, HTML, CSS

Experience with SQL, OCaml, Swift

## EXPERIENCE

**Cornell CIS Student Employment**, Ithaca, NY (2018-Present)

*Course Consultant - CS1110*

- Answers student questions and reinforces concepts taught in class during weekly office hours
- Assists TAs in running discussion sections by leading students through lab assignments
- Grades programming assignments, lab activities, and exams

**Atlantis Technology**, Concord, MA (Summer 2017)

*Data Curation Intern*

- Collaborated with engineering and product teams to build a stealth-mode SaaS product that launched late summer 2017
- Researched hospitals and healthcare providers in every state of the US
- Curated healthcare contact information using Microsoft Excel, which served as the primary data in the product's database

## ACTIVITIES

**Association of Computer Science Undergraduates** (2017-Present)

*Social Team Officer*

- Plans and helps set up monthly social events for the community of Computer Science undergraduates at Cornell
- Manages the mentorship program that connects newer members of the community to older and more experienced students
- Coordinates monthly officer socials that allow the various officer teams to get to know each other better

**Cornell Spikeball Club** (2017-Present)

*Co-President, Co-Founder*

- Organizes weekly practices as well as trips to regional tournaments around the Northeast
